 India, Chennai

### Professional summary

As a highly skilled Java Web Developer with over 5 years of experience, I have a proven track record of successfully designing and implementing complex web applications. My biggest achievement to date has been developing a robust e-commerce platform that increased sales by 20% for my previous company. I possess excellent problem-solving skills and a strong attention to detail, allowing me to identify and resolve issues efficiently. With expertise in Java, HTML, CSS, and JavaScript, I am confident in my ability to develop innovative solutions that exceed client expectations. Additionally, my strong communication skills and ability to work collaboratively make me a valuable asset to any team.

### Experience

Web developer

February 2019 - June 2021

#### Fresher, India, Chennai

During my time at Fresher, India as a Web Developer from 2019-02 to 2021-06, I gained valuable experience in developing and maintaining websites for various clients. I was responsible for creating visually appealing and user-friendly websites that met the client's needs and specifications. By utilizing my skills in HTML, CSS, JavaScript, and other web development tools, I was able to successfully complete projects on time and within budget.

- Developed and maintained websites for multiple clients
- Created visually appealing and user-friendly websites
- Met client's needs and specifications
- Successfully completed projects on time and within budget
